NEW CROP CUBAS SELLING ABOVE 3 FOR JANUARY

Canadian Refiners' Purchases
From Warehouses Serve to
Send Prices Up in East

Though there has been no general activity in new crop Cubas, some sales to speculators for January and February are reported at 3 1/4 and 3 1/2 in the November 5 Sugar Market Review issued by Nevins & Callaghan of 99 Wall street, New York. Their "Review" follows in full:

"Throughout the early part of the week the market remained at a standstill, as refiners refused to continue buying on the basis of last week's closing price of 3 7/16 basis 96° c.&t. (4.45c) for Cubas. Sellers showed great reluctance to lower their views but finally a limited quantity appeared for sale at 3 7/16 basis 96° c.&t. (4.39c), which was very quickly taken up by refiners, who almost immediately afterwards raised the bid to 3 7/16 basis 96° c.&t., securing thereat about 100,000 bags spot and prompt November shipment Cubas.

"At this juncture, a renewed buying movement of moderate proportions in refined caused refiners to again raise their views on raws and all the sugars available at 3 7/16 basis 96° c.&t., which amounted to some 25,000 to 100,000 bags, found buyers. There has been little or no alleviation in the conditions mentioned in our last review regarding difficulties attending the withdrawal of supplies from warehouse and the scarcity of prompt tonnage, and the continuance of these conditions has resulted in a keen demand for nearby sugars.

"The shortage in spot supplies has been quite general, as in addition to local and output refiners, Canadian refiners have appeared as buyers of sugars from warehouse in New York. At the close, 12,000 bags Cubas for immediate clearance have been sold at 3 7/16 basis 96° c.&t., advancing the spot quotation to 4.58c, and the market is very strong in tone with nothing available at less than 3 7/16 basis 96° c.&t. (4.49c) and even at this figure the quantity on offer is comparatively small.

"While there has been no general activity in new crop Cubas, some sales were made early in the week to operators at 3c basis 96° c.&t. for January shipment, but later January sold at 3 1/4 and February at 3c basis 96° c.&t., principally to speculative buyers.

"The weekly sales from Cuba on Tuesday reported receipts of 230,000 and 1 Central still grinding, as compared to 170,000 last week and 200,000 at the corresponding date last year. On the present crop, based on an estimated output of 2,575,000 tons, there remains only 75,000 to 100,000 tons left to be sold. The prospects for the coming crop are excellent and with an abundance of cane in sight the general disposition will be to start as early as the weather will permit. Just at present, copious rains are still being experienced in many parts of the island and three to four weeks of dry cool weather is necessary in order to mature the cane. A very large amount of new machinery, ordered by planters this year, is being delayed in delivery and this will necessitate a postponement of the expected early grinding on many plantations. Any delay in the start of grinding will have an important bearing on the course of this market and should the delay prove at all serious, materially higher prices, especially for early deliveries, would result.

"The business in refined sugar was only moderate during the early part of the week, as the trade was disposed to await the receipt of sugars previously ordered, on which refiners have been a week to ten days behind in shipment. The hardening tendency of the raw market toward the latter part of the week stimulated a further buying movement and a fair volume of new orders was booked at 5.50c less 2 per cent by all refiners, who have since advanced prices 45 points to the basis of 5.50c less 2 per cent.

"The trading in options during the week reached an aggregate of 16,800 tons.

FISHER TO WIND UP TERRITORY'S FAIR INTERESTS

At a meeting of the Hawaii exposition commissioners held on Tuesday, Auditor J. H. Fisher was chosen as representative of the territory to see about closing up the Hawaiian building when the exposition at San Francisco comes to an end.

It was originally intended that Secretary of the Territory Wade Warren Thayer should handle this task, but owing to the fact that the governor has planned to leave for Washington Fisher is named instead, Thayer remaining to handle the executive office.

H. P. Wood has written that a private company is offering to buy the building as an aquarium, but it is not likely that anything toward disposing of the property will be done this winter. Plans of it have been drawn up and sent to Henry Ford, automobile man of Detroit, who is to build an exact duplicate of the building in his home city at his automobile factory.

Window dressing is an art, but we have some artists in Honolulu. Just come out Saturday morning and judge of this for yourself.—Adv.

GIVES BOARDER GOOD BEATING FOR EVERY DOLLAR HE OWES HER

Mrs. Petron Says She Will Wait
Outside Jail and "Punch
Malaika's Face Good"

The police having refused to collect \$11 which a lodger and protégé of her husband owed her, Mrs. Andrew Petron began a process for the purpose of collection Tuesday which has so far failed, but which she firmly believes will result in final payment of the debt. The process is simple, consisting in beating up the lodger, S. Malaika, once for each dollar he owes. Just now Malaika has either 9 or 10 beatings still due him, there being some dispute about the exact number, some of the following facts entering into this dispute according to Mrs. Petron's statement to Detective Stein yesterday afternoon.

Mr. and Mrs. Petron have lived in more or less felicity near Hilo for some time, and accumulated \$210 worth of property, to the proposed sale of which Mrs. Petron protested to her husband. As half owner she blocked the sale, she says, until Petron conspired with a deputy sheriff in Hilo and had her put in jail, where she was kept without trial for 11 days, during which period Petron sold the property and got some cash. Once out of jail, Mrs. Petron joined her husband and they started for Honolulu, another source of trouble arising on the trip in the person of Malaika, who, being broke, attached himself to Petron, borrowed some money, came here and boarded with them, and in all went into debt \$11.

Malaika got work and Tuesday was pay day, but instead of settling his board bill he prepared to leave on the steamer Kinau for Kaula. Mrs. Petron asked the police about noon to collect the \$11, and when they refused she found Malaika and, in her own words, "punched his face good." Then she brought him to detective headquarters, reaching there at noon hour and finding no one in the detective's room.

While waiting for the alueths to return, Mrs. Petron brooded on the ingratitude of Malaika with the result that when loud screams brought two policemen rushing up stairs from below they found Mrs. Petron out in the hall and Malaika loudly wailing that she had beat him again. Mrs. Petron denied that she had beaten him twice, and thus arises the doubt as to whether she still owes him 10 or 9 drubbing. Mrs. Petron insists that she still has 10 times to "punch his face" for him.

Malaika missed his boat and got in jail, and when he gets out Mrs. Petron herself is authority for the statement that she will be waiting to smash him once for every dollar due.

In the meantime Mr. Petron has the larger part of the \$210 and refuses to give any of it to Mrs. Petron, who has threatened to get a lawyer and try to collect her half of the sum, which is now in the Bishop Bank. Petron, she says, offered her \$50 if she would sign a paper saying she was not his wife any more and that she would not bother him any more, but Mrs. Petron refused to divorce herself.

FILMER INFORMS LOCAL SHRINERS NOT CANDIDATE

George Filmer of San Francisco, known to all Shriners and a visitor here three days ago, will not be a candidate for the position of outer guard next year, when the Shriner's Imperial Grand Session is held at Buffalo. He was a candidate for this position, the entrance to the Imperial Grand Lodge at Seattle this year and was supported by the Honolulu Shriners, but failed of election and it is assumed that he would run again next year.

However, he has written the following letter:

"I am sorry to advise the nobility who have so kindly sent me their solicited pledges for support for the honorable position of Imperial outer guard next year, that it is with a heart filled to overflowing with appreciation, and with sincere gratitude that I am unable to be able to attend the session in Buffalo and will not be a candidate at this time for any post in the hierarchy of the order."

"It is only after long and careful consideration that I have reached the conclusion that my business interests would not permit me to give to the post, if elected, the attention which the honor conferred upon me would demand, and I feel it would be an injustice to the splendid body who might so honor me not to give them unsolicitedly of time, energy and effort."

"That there may be no mistaking the fact that I am sincere in so deciding, I shall not permit the use of my name as a candidate for representative next year."

"I appreciate to the full all that the boys have done for me in giving me such a flattering vote at Seattle; I appreciate equally the promises of support that have come to me for next year—and I trust that in the fullness of time, it shall be my opportunity to repay in some measure the debt of gratitude they have created."

"My interest in the order shall neither cease or flag, but I really feel that one should not accept preferment at the hands of his fellow-members, he can meet the requirements of the position by giving to it unremitting energy and abundance of time. Conditions have arisen which make such a course seem impossible to me so I feel there is nothing left to me but to retire in favor of some one who can more fully meet the requirements of the position."

"With aloha to you all, I am
Yours in the true faith,
"GEORGE FILMER."

THANKFUL WILLIE

I'm thankful that my dear teacher enjoyed a round-the-island trip last Sunday, because she caught a bad cold and we didn't have any arithmetic lessons for two days.

I'm thankful that Father thinks it was the cat that broke the looking glass.

I'm thankful that out of five scraps that I had during the year I was only ticked once.

I'm thankful that no policeman who were off duty tried to force their way into our house and blow my darling mother all to rags with a bomb.

I'm thankful that we got some McCully tract ducks for dinner 'cause they are tough as the dickens, and Pa and Ma have a few poor teeth and can't chew tough meat.

I don't know all the things that I'm thankful for, but you bet I'm thankful a boy hit me on the head with a baseball so hard that I didn't know anything, and I had a chance to stay home for five straight days and play with a goat that belongs to the boy next door. You bet he was mad.

Brazil exports great quantities of rubber, but buys its automobile tires from Europe, not because European tires are best, but because Europe has better trade connection in Brazil than has the United States.

A Board or a Cargo

No matter how much or how little LUMBER you may want, we can supply you with it—a single board or a cargo—and, mind you, of the RIGHT QUALITY and at the RIGHT PRICE.

We are not going to offer you any "baits" like the catalogue houses do. We are not going to sell you a few things at less than cost and make it up on something else, or by giving you poor quality. We propose to give you a square deal.

We are taxpayers, just like you are. We are interested in the prosperity of the community, and ask you to give us the preference in your orders so long as we treat you right.
